

Schedule for SRS

Friday, June 21st

7:30a-8:00a Breakfast

8:00a-11:30 Current Concepts in Training Robotic Head & Neck Surgeons
8:00- 8:15 Welcome- Duvvuri
8:20- 8:50 Current TORS training, DaVinci surgery – Richmon
8:55- 9:25 Current TORS training, Medrobotics Surgery- Lang
9:30- 10:00 Role of simulation in surgical education - Chauhan
10:05- 10:35 Breaking down the steps of surgery: New frontiers in
training – Beth Littleton
10:40- 11:10 Role of artificial intelligence/ virtual reality – Stephan
Matheis

11:10a-11:30a Break

11:30a-12:00p Credentialing of Surgeons
11:30- 12:00 Onboarding and credentialing of new surgeons – David
Cognetti
12:10- 12:40 How do we / Should we train residents in robotics- Vin
Paleri
11:50- 12:20 Maintaining Proficiency for the robotic surgeon: How
(can) we do this: implications for trials?- Duvvuri

11:40a-1:00p Lunch & debrief

1:00p-5:00 Working group of writing guidelines on training/ credentialing
endorsed by SRS

The goal is to write a white-paper that can be published in the JRS regarding
training and credentialing of surgeons in the field of Otolaryngology-Head & Neck
surgery.

7:00p-8:30p Welcome Reception

Current training for non-TORS HNS robotic surgery- Koh

People to invite

(Neil Gross)

(Enver Ozer)

Steve Cannady- something recon

Marc Cohen- anything

(David Cagnetti)

Ray Chai- anything

David Goldenberg- flex robot etc,
